In accordance with the instructions contained in the letter dated March 31, 1994, subject as above (copy attached), I have inventoried the disputes between your respective Unions regarding Regional Instruction 399.

I met with Mr. Tom Brasser, Labor Relations Specialist to review his grievance files. We have determined that there are no jurisdictional disputes involving the following operations which are being performed in the Wichita Post Office:

010, 029, 040, 043, 044, 050, 060, 073, 074, 100, 109,  
and operations 180-189.

Attached herewith are the inventory forms and drawings of each operation not in dispute. If either of you feels that the inventory is inaccurate or incomplete, you are to provide documentation to me no later than May 11, 1994 to show that a grievance was timely filed by April 29, 1992.

You will note that on the inventory forms there are columns to indicate the number of craft employees assigned to the specific operation. Please be advised that these numbers are estimates and the number of employees assigned to these operations can vary from hour to hour and day to day due to fluctuations in volumes.
